DRIVE-IN PLUG FASTENER

Product description

The nylon fastener is used to fasten the Fescoterm thin-layer plastering system's insulation. The bracket is named according to actual anchor length. Drilling depth for all lengths is at least 35 mm, meaning that, for example, Drive-in plug fastener 115 mm is suitable for max. 80 mm of insulation. Package size 100 pcs/box or 200 pcs./box.

Waste handling

Storage and handling of waste
